Dear Sir or Madam:

I am writing this letter concerning FCC Proceeding "04-233", Low Power FM priority over FM translator services. One of my favorite and most enjoyed FM stations is K-LOVE. I am under the impression that the proceeding above may put K-LOVE at risk of losing some of their FM translators. If this were to occur a large portion of the country may be without a family oriented, positive radio service.

K-LOVE is a very important part of mine and many other peoples life's that I know. K-LOVE has helped many struggling people with problems in their lives. Can you honestly say that other radio stations have done much of that? In today's society strong family values and morality mean less than ever. K-LOVE's music and features focus exactly on what this country needs, family values and morality. Please do not take K-LOVE off the air for the hundreds of thousands who need the encouragement that listen on FM transmitters.

Sincerely,

Richard Marriner II, K-LOVE Supporter
